## MEMORANDUM

To: Members of the Board of Education  
From: Jack R. Smith, Superintendent of Schools   
Subject: Forest Knolls, Montgomery Knolls, and Pine Crest Elementary Schools Boundary Study

As a result of a comprehensive capacity study conducted during the 2014–2015 school year to address overutilization in the lower section of the Downcounty Consortium, a plan was developed to address space deficits at Forest Knolls Elementary School. Classroom addition projects were approved at Montgomery Knolls Elementary School, which serves Grades pre–K–2 students; and Pine Crest Elementary School, which serves Grades 3–5 students: these are paired schools. These projects are scheduled for completion in September 2020. Forest Knolls Elementary School articulates to Silver Spring International Middle School, while Montgomery Knolls and Pine Crest elementary schools articulate to Eastern Middle School.

WHEREAS, On November 1 and 16, 2018, the Board of Education conducted work sessions for all capital and noncapital items for the *Superintendent's Recommended FY 2020 Capital Budget and Amendments to the FY 2019–2024 Capital Improvements Program*; and

WHEREAS, On November 8 and 12, 2018, the Board of Education conducted public hearings in accordance with Board of Education Policy FAA, *Educational Facilities Planning*, and Montgomery County Public Schools Regulation FAA-RA, *Long-range Educational Facilities Planning*, on the superintendent's recommendation; and

WHEREAS, The superintendent of schools recommended a boundary study for Forest Knolls, Montgomery Knolls, and Pine Crest elementary schools to relieve the overutilization at Forest Knolls Elementary School; and

WHEREAS, The superintendent of schools also recommended that the boundary study include the middle school articulation of the three elementary schools to Eastern and Silver Spring International middle schools; now therefore be it

Resolved, That the boundary study be conducted to include Forest Knolls, Montgomery Knolls, and Pine Crest elementary schools to relieve the overutilization at Forest Knolls Elementary School; and be it further

#### **Educational Facilities Planning**

##### **A. PURPOSE**

To affirm the Montgomery County Board of Education's commitment to continuing to provide high-quality facilities that support the educational programming needed to ensure that every Montgomery County Public Schools (MCPS) student is well-prepared for success consistent with the Board's core values of Learning, Relationships, Respect, Excellence, and Equity

To establish an educational facilities planning process that effectively anticipates MCPS educational facility needs and establishes a framework for making equitable and fiscally responsible facility decisions in an uncertain future, while considering instructional program priorities, physical condition of the schools, and the impact of under- or overutilized facilities on the educational program

To promote public understanding of MCPS educational facilities planning processes and provide opportunities for stakeholders to engage in, inform, and respond to those processes

To coordinate MCPS facilities planning processes with those of other units of local governments and municipalities in Montgomery County

##### **B. BACKGROUND**

Educational facilities planning is essential to identify the infrastructure needed to ensure success for every student. The Board has primary responsibility to plan for educational facilities that sustain high-quality MCPS educational programs while effectively responding to changes in student enrollment, educational programming, and physical plant infrastructure.

# Stakeholder Input (Section E)

- Use multiple strategies to obtain community input which may vary according to the nature, size, and scope of project
- Strategies may include, but not be limited to:
  - Systemwide committees
  - Focus groups
  - Task forces
  - Work groups
  - Roundtable discussion groups
  - Surveys
  - And other types of planning sessions

# Stakeholder Input

- Superintendent directs staff to develop options to change school boundaries
- Staff develops options for community input to reflect a range of approaches to advance factors and provide rational
- Seek input from multiple stakeholders to advise superintendent on staff-developed options

# Policy Factors (Section G)

- Demographic Characteristics of Student Population
  - Analyses of options take into account the overall populations of affected schools
  - Options should especially strive to create a diverse student body
- Geography
  - Options should take into account the geographic proximity of communities to schools, as well as articulation, traffic, and transportation patterns, and topography

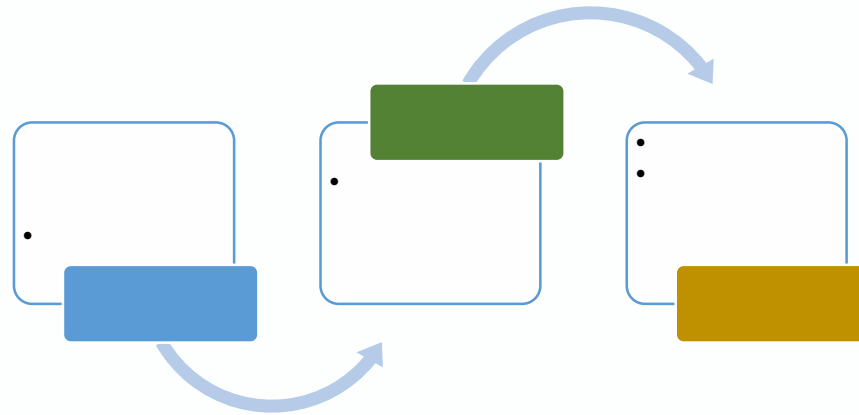

# Policy Factors

- Stability of School Assignment Over Time
  - Options should result in stable assignments for as long a period as possible and consider recent assignments
- Facility Utilization
  - Plans should result in facility utilization in 80-100% range over the long term, whenever possible.
  - Shared use of a facility by more than one cluster may be the most feasible plan in some cases
  - Plans should be fiscally responsible

# Policy Factors

- Superintendent will provide a rationale for each recommendation that demonstrates extent to which each factor is advanced
- While each factor will be considered, it may not be feasible to reconcile each and every recommendation with each and every factor.
