## SCHOOLS

### Winston Churchill High School

**Capital Project:** Previous projections indicated that enrollment would exceed capacity by 200 seats or more by the end of the six-year planning period, therefore, an FY 2017 appropriation was approved for facility planning to determine the feasibility, scope, and cost for a capacity study. Last year, however, projections dropped and only showed a space deficit of less than 50 seats by the end of the six-year planning period. This year’s enrollment projections show an increase in the enrollment projections, therefore, the enrollment will continue to be monitored and, if needed, an addition will be considered in a future CIP. Relocatable classrooms will be utilized until additional capacity can be added.

### Potomac Elementary School

**Capital Project:** A revitalization/expansion project is scheduled for this school with a completion date of January 2020. An FY 2018 appropriation was approved to begin the construction for the project.
