

# NORTHEAST CONSORTIUM

## CONSORTIUM PLANNING ISSUES

The Northeast Consortium provides a program delivery model for the three high schools in the northeast area of the county. Students living in this area of the county are able to choose from three high schools they wish to attend, based on different signature programs offered at the high schools. Students residing in a base area are guaranteed to attend the high school serving that base area, if it is their first choice. The Northeast Consortium choice model is offered at James Hubert Blake, Paint Branch, and Springbrook high schools. Choice patterns are monitored for their impact on projected enrollment and facility utilization. Elementary and secondary school service area maps are included for the three consortium high schools in Appendix U.

**Planning Issue:** The 2014 adopted White Oak Science Gateway Master Plan provides for up to 8,570 mostly multi-family residential units. The plan will require the redevelopment of many existing land uses. Montgomery County anticipates that it will take 20 to 30 years for build-out of the plan to occur and the pace of construction will be market driven. A future elementary school site is included in the Plan.

## SCHOOLS

### James Hubert Blake High School

**Planning Issue:** Projections indicate that enrollment will exceed capacity by more by 200 seats or more by the end of the last six-year planning period. An FY 2022 feasibility study will be conducted to determine the scope and cost for an addition at the school. A proposed addition will be considered in a future CIP. Relocatable classrooms will be utilized in the interim.

### Paint Branch High School

**Planning Issue:** Projections indicate that enrollment will exceed capacity by more by 200 seats or more by the end of the last six-year planning period. An FY 2022 feasibility

study will be conducted to determine the scope and cost for an addition at the school. A proposed addition will be considered in a future CIP. Relocatable classrooms will be utilized in the interim.

### Burnt Mills Elementary School

**Capital Project:** Projections indicate that enrollment will exceed capacity by more than 92 seats by the end of the six-year planning period. A major capital project is planned for this school to address various building systems as well as the capacity and programmatic needs for this school. An FY 2022 appropriation is approved to begin construction for this project. The scheduled completion date is September 2023. In order for this project to be completed on this schedule, county and state funding must be provided at the levels approved in this CIP.

### Cresthaven Elementary School

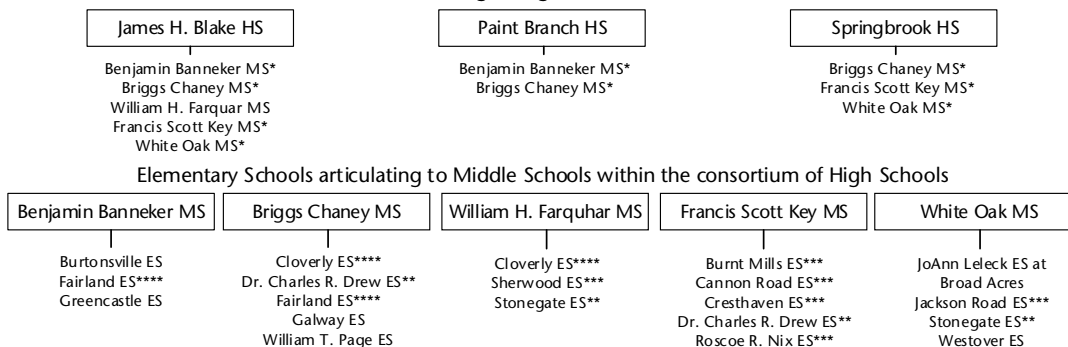

**Capital Project:** Addition projects were previously approved at Cresthaven and Roscoe R. Nix elementary schools to address overutilization at JoAnn Leleck Elementary School at Broad Acres. However, due to the complexities of these projects, along with escalating construction costs, the funds from these projects were reallocated as part of the amended FY 2021–2026 CIP, for a new elementary school to address the space deficits at JoAnn Leleck Elementary School at Broad Acres.

### Greencastle Elementary School

**Capital Project:** Previous projections indicated enrollment at Greencastle Elementary School would exceed capacity by 92 seats or more by the end of the six-year planning period. A feasibility study was conducted to determine the cost and scope of an addition project. Enrollment will continue to be monitored and a date for an addition will be considered in a future CIP if needed. Relocatable classrooms will be utilized until additional capacity can be added.

## Northeast Consortium Articulation

Middle Schools articulating to High Schools within the consortium

\*Denotes MS with split HS articulation, i.e., some students will articulate to one HS, while other students will articulate to another HS.  
 \*\*Denotes ES with split MS articulation, i.e., some students articulate to one MS, while other students articulate to another MS, but will articulate to the same HS.  
 \*\*\*Denotes ES with split HS articulation, i.e., students will go to the same MS, but articulate to different high schools.  
 \*\*\*\*Denotes ES with split articulation at both levels, i.e., students will be split at the MS level and HS level.  
 See Appendix U for multicolored maps of service areas.

**JoAnn Leleck Elementary School at Broad Acres**

**Planning Study:** Projections indicated enrollment at JoAnn Leleck Elementary School at Broad Acres would exceed capacity by 92 seats or more by the end of the six-year planning period, with over 800 students. Currently, the school has 10 relocatable classrooms and, due to the site, it will be a challenge to place additional relocatable classrooms if necessary. An FY 2014 appropriation was approved for facility planning to determine the feasibility, scope, and cost for a classroom addition. The outcome of the feasibility study determined that due to site limitations, it is difficult to expand the facility to meet the enrollment growth needs. Therefore, capacity studies were conducted during the 2016–2017 school year at Cresthaven and Roscoe R. Nix elementary schools, to determine if these schools can be expanded to address the space deficits at JoAnn Leleck Elementary School at Broad Acres. An FY 2019 appropriation for planning was approved for classroom addition projects at Cresthaven and Roscoe Nix elementary schools with scheduled completion dates of September 2022. Due to the complexities of the addition projects, along with escalating construction costs, the amended FY 2021–2026 CIP included the removal of all expenditures from these two projects and the reallocation of those funds to construct a Grades 3–5 school to address the overutilization at JoAnn Leleck Elementary School at Broad Acres.

**Planning Study:** A site selection process is approved to identify a site for the Grades 3–5 school.

**Capital Project:** Planning is approved to begin the architectural design for a Grades 3–5 school with a completion date of September 2025. In order for this project to be completed on schedule, county and state funding must be provided at the levels approved in this CIP.

**Roscoe R. Nix Elementary School**

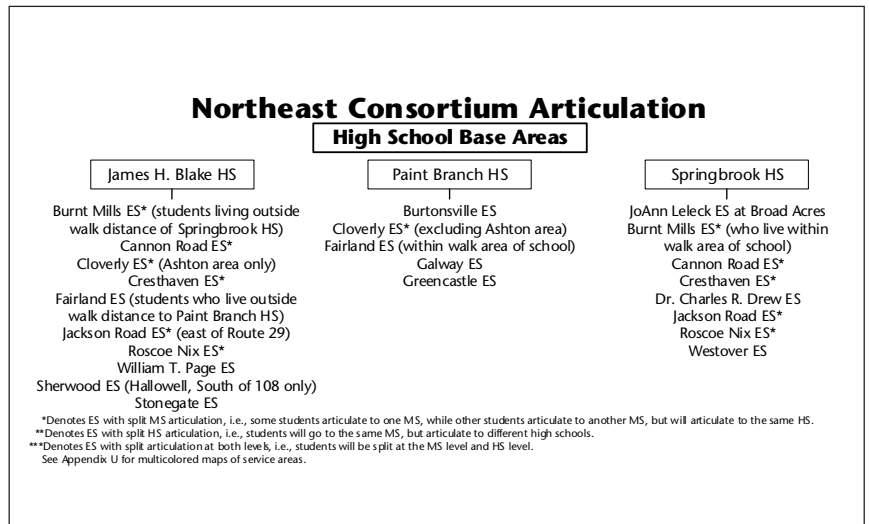

**Capital Project:** Addition projects were previously approved at Cresthaven and Roscoe R. Nix elementary schools to address the overutilization at JoAnn Leleck Elementary School at Broad Acres. However, due to the complexities of these projects, along with escalating construction costs, the funds from these projects have been reallocated, in the adopted FY 2021–2026 amended CIP, for a new elementary school to address the space deficits at JoAnn Leleck Elementary School at Broad Acres.

**William T. Page Elementary School**

**Planning Issues:** In September 2018, the Spanish Immersion program that was located at Rolling Terrace Elementary School was relocated to

William T. Page Elementary School beginning with Grades K–1. Over the course of the six-year planning period, the enrollment at William T. Page Elementary School will increase.

**Capital Project:** Projections indicate that enrollment will exceed capacity by 92 seats or more by the end of the six-year planning period. An FY 2020 appropriation for facility planning was approved to conduct a feasibility study for a possible classroom addition. The purpose of the feasibility study was to determine the scope and cost for the project. As part of the FY 2021–2026 CIP, the Board of Education requested an addition project for this school with a completion date of September 2023. Although the County Council approved an FY 2021 appropriation to begin the architectural planning and design for this addition project, it delayed the scheduled completion date to September 2024. The Board of Education’s requested amendments to the FY2021–2026 CIP accelerated the completion date to September 2023, which was approved by the County Council. An FY 2022 appropriation is approved to begin the construction for this project. In order for this project to be completed on this schedule, county and state funding must be provided at the levels approved in this CIP.

**Stonegate Elementary School**

**Capital Project:** Current projections indicate enrollment at Stonegate Elementary School will exceed capacity by 92 seats by the end of the six-year planning period. A major capital project is approved for this school to address various building systems as well as the capacity and programmatic needs for this school. An FY 2020 appropriation was approved for planning to begin the architectural design for this project. The Board of Education, as part of the requested FY 2021–2026 CIP, included a completion date of January 2024 for this project; however, the County Council approved an FY 2021 appropriation to continue to the planning for this major capital project, but delayed the completion date to January 2025. The Board of Education’s requested amendments to the FY 2021–2026 CIP accelerated the completion date to September 2023, which was approved by the County Council. An FY 2022 appropriation is approved to begin the construction for this project. In order for this project to be completed on this schedule, county and state funding must be provided at the levels approved in this CIP.

**CAPITAL PROJECTS**

School	Project	Project Status*	Date of Completion
Hubert Blake HS	Classroom Addition	Proposed	TBD
Paint Branch HS	Classroom Addition	Proposed	TBD
Burnt Mills ES	Major Capital Project	Approved	Sept. 2023
JoAnn Leleck ES at Broad Acres	Grades 3-5 School	Approved	Sept. 2025
William T. Page ES	Classroom addition	Approved	Sept. 2023
Stonegate ES	Major Capital Project	Approved	Sept. 2023

\*“Approved”— Project has an approved FY 2021 or FY 2022 appropriation in the Amended FY 2021–2026 CIP for planning or construction funds.

\*“Programmed”—Project has expenditures programmed in a future year of the CIP for planning and/or construction funds.

\*“Proposed”—Project has facility planning funds approved for a feasibility study.
