## SCHOOLS

### Winston Churchill High School

**Capital Project:** Previous projections indicated that enrollment would exceed capacity by 200 seats or more by the end of the six-year planning period. An FY 2017 appropriation was approved for facility planning to determine the feasibility, scope, and cost for a capacity study. Subsequently; projections dropped and only showed a space deficit of less than 50 seats by the end of the six-year planning period; therefore the feasibility study was not conducted. The FY 2021–2026 CIP showed an increase in the enrollment projections; therefore, an FY 2021 appropriation was approved to conduct a feasibility study for a proposed addition for this school. Although current projections exceed capacity, it does not meet the threshold of 200 seats or more by the end of the six-year planning period; therefore, enrollment will be monitored to determine the need for an addition in a future CIP. Relocatable classrooms will be utilized until additional capacity can be added.
