

DOWNCOUNTY CONSORTIUM

CONSORTIUM PLANNING ISSUES

The Downcounty Consortium provides a program delivery model for five high schools in the Silver Spring and Wheaton areas. Students living in this area of the county are able to choose which school they wish to attend from the five high schools, based on different academy programs offered at each of the high schools. The Downcounty Consortium choice model is offered at Montgomery Blair, Albert Einstein, John F. Kennedy, Northwood, and Wheaton high schools. Choice patterns are monitored for the impact on projected enrollment and facility utilization.

Elementary and secondary school service area maps are included in Appendix U for the five consortium high schools. The articulation patterns for the schools are shown below in this section. Students who reside in a base area are guaranteed to attend the high school serving that base area, if it is their first choice.

The Middle Schools Magnet Consortium (MSMC) includes three middle schools—Argyle, A. Mario Loiederman, and Parkland middle schools. The programs at these schools are open to all middle school students in the county.

Planning Issue: The Downcounty Consortium includes three recent land-use plans that will add a large number of multi-family housing units in the future. The Wheaton CBD and Vicinity Sector Plan, adopted in 2012, provides for up to 7,060 mostly multi-family residential units. The majority of these housing units require the redevelopment of the Westfield Wheaton Mall. The 2013 adopted Glenmont Sector Plan provides for up to 5,800 mostly multi-family residential units. A future elementary school site is included in the Glenmont Sector Plan. This plan requires the redevelopment of existing land uses, including the Glenmont Shopping Center, to achieve build-out density. The 2013 adopted Long Branch Sector Plan provides for approximately 5,000 mostly multi-family residential units. This plan requires the redevelopment of existing land uses and funding for the Purple Line to achieve build-out density. It is anticipated that each of these plans will take 20 to 30 years to build-out, and the pace of construction will be market driven. Other plans that will influence the cluster include the 2017 Greater Lyttonsville Sector Plan and, to a small extent, the 2018 White Flint 2 Sector Plan.

High Schools

At the high school level, enrollment is projected to exceed capacity by the end of the six-year planning period at all five high schools. The school system conducted a comprehensive capacity study during spring 2017, for the Downcounty Consortium high schools to study the possibility of adding capacity to the Downcounty Consortium through classroom additions at Montgomery Blair, Albert Einstein, John F. Kennedy, and/or Northwood high schools. As part of the revitalization/expansion project at

Wheaton High School, the building shell of the master-planned addition was constructed. Constructing the building shell during ongoing construction enabled classrooms to be built to address the enrollment growth at Wheaton High School.

To address the urgent space needs at the Downcounty Consortium high schools and Walter Johnson High School, several high school projects were approved that include an addition at John F. Kennedy High School, an addition and facility upgrades to Northwood High School, and the reopening of Charles W. Woodward High School. An FY 2019 appropriation was approved to begin planning that will provide the instructional support spaces needed for 2,500 students at Northwood High School. With respect to Northwood High School, an analysis was completed that evaluated a) the possibility of doing a phased construction of Northwood High School, with students on site, and b) an approach where a newly constructed and reopened Charles W. Woodward High School be used as a holding school, starting in August 2023, for Northwood High School for two years. The evaluation compared the costs for each option, impact to students, impact on the building design, and the timeline of the project. Based on this analysis, the Board of Education approved that Charles W. Woodward High School be used as a holding school, starting in August 2023, for Northwood High School for two years. Northwood High School would return to its facility in August 2025. An FY 2020 appropriation for planning was approved to begin the architectural design for the addition at John F. Kennedy High School with a completion date of August 2022. An FY 2021 appropriation was approved to begin the architectural design for the Northwood High School project. An FY 2022 appropriation was approved to continue the construction for the reopening of Charles W. Woodward High School. An FY 2023 appropriation was requested for construction cost increases and construction funds for the Northwood High School project and an FY 2023 appropriation was requested for construction cost increases and for the balance of funds for the reopening of the Charles W. Woodward High School projects. While the additional expenditures were approved,

DOWNCOUNTY CONSORTIUM

due to fiscal constraints, the County Council, in the adopted FY2023-2028 CIP, delayed the Northwood High School project and the reopening of Charles W. Woodward High School by one year. Therefore, Northwood High School will relocate to the Woodward site in August 2024 and the high school will reopen in August 2026.

Montgomery Blair High School

Capital Project: See text under Consortium Planning Issues.

Albert Einstein High School

Capital Project: See text under Consortium Planning Issues.

John F. Kennedy High School

Capital Project: See text under Consortium Planning Issues.

Capital Project: To provide capacity in the Downcounty Consortium, an addition was approved for John F. Kennedy High School. An FY 2020 appropriation was approved to construct this addition project. The approved completion date is August 2022.

Northwood High School

Capital Project: See text under Consortium Planning Issues.

Capital Project: To address the urgent space needs in the Downcounty Consortium high schools, an FY 2019 appropriation was approved for planning for additional capacity and the instructional support spaces needed for 2,500 students at Northwood High School. An FY 2023 appropriation was requested for construction cost increases and construction funds. While the additional expenditures were approved, due to fiscal constraints, the County Council, in the adopted FY 2023-2028 CIP delayed the completion date for this project by one year. This project is now scheduled to be completed in August 2026.

Wheaton High School

Capital Project: See text under Consortium Planning Issues.

Downcounty Consortium Articulation

Middle Schools articulating to High Schools within the consortium

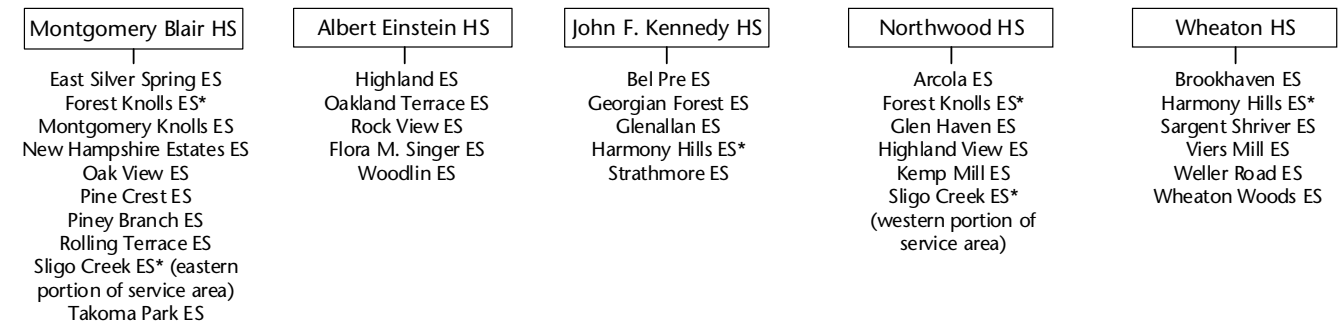

Elementary Schools articulating to Middle Schools within the consortium of High Schools

* Students living in the following elementary school service area are given the choice of one of the Middle School Magnet Consortium (MSMC): Bel Pre, Brookhaven, Georgian Forest, Harmony Hills, Sargent Shriver, Strathmore, Viers Mill, Weller Road, and Wheaton Woods elementary schools. See Appendix U for multicolored maps of the service areas.

Downcounty Consortium Articulation

High School Base Areas

* These elementary schools articulate to one middle school, however, articulate to two different high schools. See Appendix U for multicolored maps of the service areas.

Charles W. Woodward High School

Capital Project: To address the urgent space needs at Walter Johnson High School and the Downcounty Consortium high schools, an FY 2022 appropriation was approved to continue the construction for the reopening of Charles W. Woodward High School with a completion date of the first phase of August 2023. An FY 2023 appropriation was requested for construction cost increases and the balance of construction funds. While the additional expenditures were approved, due to fiscal constraints, the County Council, in the adopted FY2023-2028 CIP, delayed the completion date for this project by one year. The reopening of the high school is now scheduled to be completed August 2026.

Argyle Middle School

Planning Issue: Previous projections indicated that enrollment would exceed projections by 150 seats or more by the end of the six year planning period. Therefore, an FY 2021 appropriation was approved for facility planning to conduct a feasibility study for a possible addition. Although current projections exceed capacity, it does not meet the threshold of 150 seats or more by the end of the six-year planning period; therefore, enrollment will be monitored to determine the need for an addition in a future CIP. Relocatable classrooms will be utilized until additional capacity can be added.

Eastern Middle School

Capital Project: A revitalization/expansion project was previously programmed for this school. A new program has been developed to identify large-scale renovations of facilities. While nine schools were identified as the first group of schools in the Major Capital Projects project, Eastern Middle School was identified as a school in the next round. An FY 2023 appropriation was approved to begin the architectural design for this major capital project; however, no construction funds are included in the adopted FY2023–2028 CIP. Therefore, a TBD completion date will be shown until construction funds are approved in a future CIP.

Parkland Middle School

Capital Project: Projections indicate that enrollment at Parkland Middle School will exceed capacity by the end of the six-year planning period. As part of the FY 2019–2024 CIP, the Board of Education requested an addition project for completion in August 2021 that was delayed by the County Council to August 2022. As part of the Amended FY 2019–2024 CIP, the County Council delayed the project another year to August 2023. An FY 2022 appropriation was approved to begin construction for this project. An FY 2023 appropriation was approved to complete this project. The scheduled completion date is August 2023. Relocatable classrooms will be utilized until additional capacity can be added.

Odessa Shannon Middle School

Capital Project: Previous projections indicated enrollment at Odessa Shannon Middle School would exceed capacity by the end of the six-year period. Therefore, expenditures were approved to address the overutilization at this school, as well as to address the building systems to accommodate a 1,000-student capacity. An FY 2020 appropriation for construction funds was approved for this project. The scope of this project was expanded to include a complete replacement of the current facility, and therefore, two years of construction was required. An FY 2021 appropriation was approved for construction funding. An FY 2022 appropriation was approved to complete this project. This replacement facility is scheduled for completion in August 2022.

Silver Spring International Middle School

Capital Project: Previous projections indicated that enrollment at Silver Spring International Middle School would exceed capacity by more than 150 seats throughout the six-year planning period. Based on these projections, an addition project was approved to address the enrollment growth, as well as to provide new gymnasiums and locker rooms. The physical education facilities are located in a separate building, down a steep hill, which affects the accessibility and administration of the physical education program at the school. Also, the construction of the Purple Line will affect the school site and outdoor programmatic spaces that need to be addressed. Sligo Creek Elementary School and Silver Spring International Middle School are co-located in the same facility and the elementary school utilizes classroom space in the middle school facility. To improve circulation in the middle school and access to the elementary school, the project included an addition to Sligo Creek Elementary School. To address these needs, an FY 2020 appropriation for construction funds was approved for this project. The scheduled completion date was August 2022.

However, complexities of this addition project including consideration of relocating the elementary school students off-site; construction of the Purple Line that led to new site discoveries that would have significant fiscal implications; and, escalating construction costs which would lead to an increase cost of the addition project. The school also has experienced a decrease in enrollment over the past two years. As a result of the enrollment changes and complexities to the project, the Board of Education, as part of the amended FY 2021–2026 CIP, requested a reduction in the expenditures that reduced the scope of the project. The County Council approved the Board of Education’s request related to this project. MCPS staff has worked with the school and community to identify the new scope for this project. Due to fiscal constraints, the County Council, in the adopted FY2023-2028 CIP, delayed this project one year. The project is now scheduled for completion in August 2025.

Highland View Elementary School

Capital Project: Projections indicate that enrollment at Highland View Elementary School will exceed capacity throughout the six-year planning period. A feasibility study for a classroom addition was conducted in FY 2010. An FY 2020 appropriation was approved for planning funds only to begin the architectural design for the classroom addition. As part of the amended FY 2021–2026 CIP, expenditures were reallocated from the Silver Spring International Middle School addition project to fund an addition at this school. Due to fiscal constraints, the County Council, in the adopted FY2023-2028 CIP, delayed this project by two years. This project is now scheduled to be completed August 2027.

Oak View Elementary School

Planning Study: Previous projections indicated that enrollment would exceed capacity by more than 92 seats by the end of the six-year planning period. An FY 2020 appropriation was approved for facility planning to conduct a feasibility study for a possible addition to this school to identify a scope and cost for the project. However, the current space deficit is slightly below the minimum threshold of 92 seats or more for consideration of an addition project. Therefore, enrollment will continue to be monitored for consideration of a future CIP project, with relocatable classrooms utilized in the interim.

Piney Branch Elementary School

Capital Project: Piney Branch Elementary School is located on the smallest site in the county at 1.9 acres and there is little to no room for relocatable classrooms to accommodate overutilization at the school. To address the current and projected overutilization at the school, an addition project was approved at Piney Branch Elementary School. The County Council approved an FY 2017 appropriation for facility planning to conduct a feasibility study to determine the feasibility, scope, and cost of the project. An FY 2020 appropriation was approved to construct this project with a completion date of August 2021. Due to the complexity of the Piney Branch Elementary School addition project, including the need for a comprehensive facility upgrade to address the aging infrastructure, the approved FY 2021–2026 CIP removed the expenditures for the Piney Branch Elementary School addition from the six-year CIP. Instead, the school is identified in the next set of schools in the Major Capital Projects. An FY 2023 appropriation was approved to begin the architectural design for this major capital project; however, no construction funds are included in the adopted FY2023–2028 CIP. Therefore, a TBD completion date will be shown until construction funds are approved in a future CIP.

Sligo Creek Elementary School

Capital Project: As part of the Silver Spring International Middle School addition project, an addition was included for Sligo Creek Elementary School to improve access to the school and add capacity. However, due to the enrollment decreases at Silver Spring International Middle School and complexities of the project, the Board of Education, as part of the amended FY 2021–2026 CIP, requested a reduction in the expenditures that reduced the scope of the project specifically to address Silver Spring International Middle School. MCPS staff has worked with the school and community to identify the new scope for this project. Due to fiscal constraints, the County Council, in the adopted FY2023-2028 CIP, delayed the project one year. The project for Silver Spring International Middle School is now scheduled for completion in August 2025.

Woodlin Elementary School

Capital Project: An FY 2019 appropriation was previously approved for an addition project approved at Woodlin Elementary School with a scheduled completion date of August 2022. However, the school system identified that the building systems in the facility were in need of attention. Therefore, as part of the approved addition project, facility upgrades to address the building systems would be included in the project. Because of the expanded scope of this project, Woodlin Elementary School was included as one of the nine schools in the Major Capital Projects. Due to the expanded scope, the construction of this project will require two years, and therefore, the Board of Education request included a shift of the completion date to August 2023. However, as part of the FY 2021–2026 CIP, the County Council delayed the construction funds by one year to August 2024. As part of the Board of Education’s requested amendments to the FY 2021–2026 CIP, the completion date was accelerated to August 2023, which was approved by the County Council. An FY 2022 appropriation was approved to begin construction for this project. An FY 2023 appropriation was approved for construction cost increases and the balance of construction funds. This project is scheduled to be completed August 2023.

CAPITAL PROJECTS

School	Project	Project Status*	Date of Completion
John F. Kennedy HS	Classroom addition	Approved	August 2022
Northwood HS	Classroom addition and Facility upgrades	Delayed	August 2026
Charles W. Woodward HS	Reopening	Delayed	August 2024/2026
Eastern MS	Major Capital Project	Approved	TBD
Parkland MS	Classroom addition	Approved	August 2023
Odessa Shannon MS	Classroom addition and Facility upgrades	Approved	August 2022
Silver Spring International MS	Classroom additions	Delayed	August 2025
Highland View ES	Classroom additions	Delayed	August 2027
Piney Branch ES	Major Capital Project	Approved	TBD
Woodlin ES	Major Capital Project	Approved	August 2023

*Approved—Project has an approved FY 2023 appropriation in the FY 2023–2028 CIP for planning or construction funds.

*Programmed—Project has expenditures programmed in a future year of the CIP for planning and/or construction funds.

*Proposed—Project has facility planning funds approved for a feasibility study.

*Percent of students approved for Free and Reduced-priced Meals Program (FARMS) during the 2021-2022 school year.

**Percent of English for Speakers of Other Languages (ESOL) during the 2021-2022 school year. High School students are served in regional ESOL centers.

***Mobility Rate is the number of entries plus withdrawals during the 2020-2021 school year compared to total enrollment.

Notes: Native Hawaiian/Pacific Islander and American Indian/Alaskan Native categories total less than 1% and were therefore excluded from the table.

Due to federal and state guidelines, demographic characteristics of schools of less than or equal to 5 students per category are reported as 0%.
