

THOMAS S. WOOTTON CLUSTER

CLUSTER PLANNING ISSUES

The 2010 adopted Great Seneca Science Corridor Master Plan provides for up to 5,700 residential units. Most of the residential development is in the Thomas S. Wootton Cluster. The majority of planned units require funding to be secured for construction of the Corridor Cities Transit-way. The pace of construction will be market driven. A future elementary school site is included in the plan.

The Great Seneca Science Corridor Minor Master Plan Amendment was adopted in 2021. This amendment evaluates progress to the 2010 plan and adjusts staging requirements based on development since 2010. Recent construction in the plan area has yielded nearly 1,300 new multi-family units. Additional information can be found at the following weblink: <https://montgomeryplanning.org/planning/communities/midcounty/great-seneca-science-corridor/great-seneca-science-corridor-plan/great-seneca-science-corridor-master-plan-minor-master-plan-amendment/>.

Planning Issue: On March 19, 2024, the Board of Education approved the boundary study scope to determine the service area for the new Crown High School and the Expansion of Damascus High School. The scope of the boundary study includes the following high schools: Winston Churchill, Clarksburg, Damascus, Gaithersburg, Richard Montgomery, Northwest, Poolesville, Quince Orchard, Seneca Valley, Watkins Mill, and Thomas S. Wootton. The scope also includes the following middle schools: John T. Baker, Cabin John, Roberto W. Clemente, Forest Oak, Robert Frost, Gaithersburg, Herbert Hoover, Dr. Martin Luther King, Jr. Kingsview, Lakelands Park, Montgomery Village, Neelsville, John Poole, Ridgeview Rocky Hill, Hallie Wells, and Julius West. No elementary schools are included in the boundary study.

As part of the adopted FY 2025–2030 CIP, the approved completion date for the new Crown High School is August 2027. Due to fiscal constraints, the County Council shifted the expenditures for Damascus High School Major Capital Project to the out-years of the adopted FY 2025–2030 CIP with a “to be determined” completion date. Information regarding this boundary study is available on the MCPS website at the following link: www.montgomeryschoolsmd.org/departments/planning/crowndamascusboundarystudy/

SCHOOLS

Crown High School

Planning Issue: See text under Cluster Planning Issues.

Capital Project: Expenditures are programmed in the six-year period to open a new high school on the Crown Farm site to address overutilization in the mid-county region. Although an FY 2019 appropriation for planning was requested by the

Board of Education for this new school, the County Council delayed the funds by one year to begin in FY 2020. An FY 2020 appropriation was approved for planning to begin the architectural design for this project with a completion date of August 2025. However, as part of the FY 2021–2026 CIP, the County Council delayed the expenditures and completion date to August 2026. An FY 2023 appropriation was requested for construction cost increases and construction funds. Due to fiscal constraints, the County Council, in the adopted FY 2023–2028 CIP, delayed this project one year, but approved the additional expenditures. An FY 2024 appropriation was approved for construction funds. Due to the continued effects of Covid-19 pandemic on construction cost increases, the budget for this project was insufficient to complete the construction scope as originally intended. Therefore, to move forward with the construction and remain on schedule, the Board of Education approved, as part of the FY 2025–2030 CIP, a Phase II for this project which will include the construction of the auditorium. The build out of the shell, the outside structure, of the auditorium is part of the Phase I construction. An FY 2025 appropriation was approved for the balance of funding and to build out the outside structure of the auditorium. An FY 2026 appropriation and amendment to the FY 2025–2030 CIP was approved to complete Phase II, the interior fit-out of the auditorium, teaching spaces, and upgrade site amenities.. This new high school is scheduled to be completed August 2027.

Thomas S. Wootton High School

Planning Issue: See text under Cluster Planning Issues.

Capital Project: A Major Capital Project is planned for this school to address various building systems and programmatic needs. Although the Board of Education requested a completion date of August 2026, the County Council delayed the expenditures and completion date by one year to August 2027. An FY 2023 appropriation was approved to accelerate funds to address ADA and site related issues at this school prior to

Thomas S. Wootton Cluster Articulation 2024–2025 School Year

See Appendix V for multicolored maps of the service areas.

the construction of the project. Expenditures for this project are included in the Major Capital Projects–Secondary Project. Due to fiscal constraints, the County Council, in the adopted FY 2023–2028 CIP, delayed this project two years. An FY 2025 appropriation was requested for planning and design funds for the building portion of the Major Capital Project. Due to fiscal constraints, the County Council shifted expenditures to the out-years in the adopted FY 2025–2030 CIP, with a “to be determined” completion date. The first phase of the ADA and site related work was completed in August 2024, with the second phase to be completed in August 2026.

Cabin John Middle School

Planning Issue: See text under Cluster Planning Issues.

Robert Frost Middle School

Planning Issue: See text under Cluster Planning Issues.

Cold Spring Elementary School

Capital Project: As part of the adopted FY 2023–2028 CIP, this school was approved for a feasibility study for a major capital project. The Key Facilities Indicators (KFI) were utilized to identify schools for possible major capital projects. The scope for the project will be identified based on the individual building system and programmatic and capacity needs for each school. An FY 2025 appropriation was approved to begin the planning and design for this project. Due to fiscal constraints, the County Council shifted construction placeholder expenditures to the out-years of the adopted FY 2025–2030 CIP. Once planning is complete, construction funds, along with a completion date, will be considered in a future CIP. It was approved that a portion of the out-year placeholder expenditures for this project be reallocated to other CIP projects in order to keep them on their approved schedules.

DuFief Elementary School

Planning Study: This school was approved for a feasibility study for a major capital project. The Key Facilities Indicators (KFI) were utilized to identify schools for possible major capital projects. The scope for the project will be identified based on the individual building system and programmatic and capacity needs for each school. Once the feasibility study is complete, a recommendation regarding scope, timeline and funding will be considered in a future CIP.

CAPITAL PROJECTS

School	Project	Project Status*	Date of Completion
Crown HS	New School	Approved	August 2027
Thomas S. Wootton HS	ADA and Site Project	Approved	August 2024 August 2026
Cold Spring ES	Major Capital Project	Proposed	TBD

Approved—Project has an approved FY 2026 appropriation in the FY 2025–2030 CIP for planning or construction funds.

Programmed—Project has expenditures programmed in a future year of the CIP for planning and/or construction funds.

Proposed—Project has facility planning funds approved for a feasibility study.
